Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Annual Professional Performance Review - Education Law & §3012-d, amended in 2019**Task 2. TEACHERS: Required Student Performance - Information and Assurances**

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or

SLO Assurances

Please check the boxes below.

- Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Annual Professional Performance Review - Education Law & §3012-d, amended in 2019

Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Options for measures and associated assessments include:

- **Option (A)** A second SLO, provided that this SLO is different than that used in the required subcomponent;
- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;

- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law & §3012-d, amended in 2019

Task 4. TEACHERS: Observations - Rubric and Scoring

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2013 Instructionally Focused Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 1 and 2 will be weighted 30% each and Domains 3 and 4 will be weighted 20% each).

All observable components will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Task 6. TEACHERS: Additional Requirements - Appeals

Appeal Assurance

Please check the box below.

- Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;
- (2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and
- (4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals****Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious manner.**

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal:

- 1) The substance of the annual professional performance review; which shall include the following: (i) In the instance of a teacher rated Ineffective on the Student Performance category, but rated highly Effective on the Observation category based on an anomaly, as determined locally;
- (2) The school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and
- (3) The adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way: The following process is intended for overall ratings of developing or ineffective only.

Stage 1 – No later than ten (10) school days from the date when the teacher receives the annual summative professional performance review [overall rating] or ten school days from receipt of a teacher improvement plan, or ten (10) school days from the date of the occurrence (or omission) arising under the implementation of the terms of the teacher improvement plan, he/she must submit a detailed written description of the specific areas of disagreement regarding the performance review to a joint committee that will contain one representative of the teachers union (chosen by the President of the HANNIBAL teachers association) and one representative chosen by the superintendent of schools. This committee shall be called the Appeals Committee. If a teacher is challenging the issuance of an improvement plan, appeals must be filed within ten (10) school days of placement on such plan. Any and all documents and/or materials having relevance to the appeal must be submitted as attachments. A copy of the performance review being appealed must also be included. Due to unforeseen circumstances, an additional extension of five (5) school days may be requested by the teacher and/or HFA for the purpose of filing the appeal. Failure to file an appeal within these time frames shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

Stage 2 – Within ten (10) school days of receipt of an appeal, the Appeals Committee will decide on each appeal. The committee will issue a formal response to the teacher within this time frame. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the committee's response and are relevant to the resolution of the appeal. If the appeals committee agrees on a resolution of an appeal, the committee's decision is final. If the Appeals committee cannot agree on resolution of an appeal, the appeal will be given to an uninterested party for resolution. This person will be chosen jointly by the Superintendent of Schools and the President of the HANNIBAL Faculty Association. The selection will be made and the third party will be notified within ten days of the committee's failure to reach a resolution. The judgment of the third party will be made within 60 days of the third parties receipt of the appeal, is final and will not be subject to grievance or other provisions in the HANNIBAL Faculty Association contract. The appeals committee, has the authority to modify a rating immediately if it has been affected by substantial error or defect if procedures have been violated. Examples that constitute immediate approval of an appeal include, but are not limited to the following:

- the evaluator not conducting the observations for the specified time periods,
- the evaluator not providing feedback within the specified time periods,
- the evaluator not conducting post-observation conferences within the specific time periods,
- the evaluator not conducting a pre-observation conference prior to conducting a formal observation. The grounds for an appeal are those enumerated in 3012-D

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Training**

Training Assurance**Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The Hannibal Central School District Board of Education will ensure that all evaluators, including lead evaluators, evaluators and independent observers have been trained and certified in accordance with regulation. The Lead Evaluator is the administrator who is primarily responsible for a teacher's evaluation. The term evaluator shall include any administrator who conducts an observation or evaluation of a teacher. The district will utilize the BOCES and/or Hannibal CSD Central Office Administration for training of all evaluators for certification. The initial training will occur for approximately 18 hours throughout the school year.. The annual retraining of all evaluators will be approximately five (5) hours through the school year. All initial and retraining for all training will address all of the elements required by subpart 30-3.10 of the Commissioners Regulations. Annual training or retraining for all evaluators will be provided by the Oswego County BOCES and/or Hannibal CSD Central Office Administration. The training or retraining will support the continued growth in understanding of the elements of performance review listed above; all evaluators who complete the annual retraining will be re-certified as lead evaluators. Upon the completion of training or retraining all evaluators will be initially certified or annually re-certified by the Board of Education. The BOE designates the superintendent to ensure that all evaluators participate in the initial year-long training for evaluators and then participate in the ongoing retraining on an annual basis for purposes of continues growth in understanding of the teacher performance evaluation process. The initial training for evaluators/lead evaluators and the annual retraining, thereafter for the purposes of continues growth will maintain inter-rater reliability of all evaluators over time. Any individual who fails to achieve required training or certification or re-certification, as applicable, shall not conduct or complete evaluations. The evaluations of a properly trained and certified evaluator will be valid notwithstanding the evaluators own APPR rating. Any evaluator (administrator or supervisor) who participates in the evaluation of teachers for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law 3012-D and the implementing Regulations of the Commissioner of Education prior to conducting a teacher evaluation and shall be employed by the District as a full time administrator. Should an existing administrator be reduced to part time, he/she may continue to do observations and evaluations. Such training shall include application and use of the State-approved teacher practice rubric selected by the parties for use in evaluations. The District will maintain a list of trained certified and recertified evaluators. This list will be provided to the Association at the beginning of the school year upon request. Independent evaluators will receive the same training as all district evaluators.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- **Option (C)** A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (F)** Four, five, or six-year high school graduation rates;
- **Option (G)** An input model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student achievement related to the Leadership Standards; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 2 and 3 will be weighted 30% each and Domains 1, 4, 5 and 6 will be weighted 10% each).

All observable components will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

- They may be employed within the LEA but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs/directors, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.

Any grounds not raised at the time the appeal is filed shall be deemed null and void. In an appeal, the principal has the responsibility of demonstrating a clear and legal right to the relief requested and the responsibility of establishing the facts upon which the petitioner seeks relief . A principal may not initiate an appeal until they receive their overall rating. A pending appeal under this plan will not serve to delay or interfere with the decision of the District to deny tenure or terminate a probationary principal for statutorily and constitutionally permissible reasons including the principal's performance that is the subject of the appeal, and in no case can an appeal create delays that result in a principal obtaining tenure by estoppels. The Hannibal CSD Annual Professional Performance Review for Principals Appeal Procedure shall be: Stage 1 – No later than ten (10) school days from the date when the principal receives the annual summative professional performance review, he/she must submit a detailed written description of the specific areas of disagreement regarding the performance review to the Superintendent of Schools. Any information not submitted at the time the appeal is filed shall not be considered. The failure to file an appeal within this timeframe shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. Stage 2 – Within fifteen (15) school days of receipt of an appeal, the Superintendent of Schools who issued the performance review must submit a detailed written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the Superintendent's response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response including any and all additional information. If the Superintendent of Schools upholds the appeal by agreeing that an error has been made, the changes can be made immediately. If the Superintendent disagrees with the documentation provided the appeal is denied . Stage 3 – Should the principal wish to pursue an appeal denial by the Superintendent, the decision shall be rendered by a three person review panel. Within five (5) school days of receipt of the Superintendent of School's denial a request for an appeal of the Superintendent's decision and within five (5) school days of the appeal request, a review panel comprised of one administrator appointed by the HANNIBALAA, an administrator appointed by the Superintendent, and a Board of Education member mutually agreed upon by the HANNIBALAA and the Superintendent shall be appointed. The panel shall issue a written decision on the merits of the appeal no later than thirty (30) school days from the date when the principal filed his/her appeal. The panel's decision shall be final and binding. Non-tenured principals will not have the right to appeal their overall rating or summative annual professional performance review. Non-tenured principals may add a written response to the annual evaluation which will be kept in his/her personnel file with the annual evaluation. Exclusivity of §3012-D Appeal Procedure The 3012-d appeal procedure herein outlined shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a principal's performance review. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review except as otherwise authorized by law.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 11. PRINCIPALS: Additional Requirements - Training**

Training Assurance**Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The Hannibal Central School District Board of Education will ensure that all evaluators, including lead evaluators, evaluators and independent observers have been trained and certified in accordance with regulation. The Lead Evaluator is the administrator who is primarily responsible for a principal's evaluation. The term evaluator shall include any administrator who conducts an observation or evaluation of a principal. The district will utilize the BOCES and/or Hannibal CSD Central Office Administration for training of all evaluators for certification. The initial training will occur for approximately 18 hours throughout the school year. The annual retraining of all evaluators will be approximately five (5) hours through the school year. All initial and retraining for all training will address all of the elements required by subpart 30-3.10 of the Commissioners Regulations. Annual training or retraining for all evaluators will be provided by the Oswego County BOCES and/or Hannibal CSD Central Office Administration. The training or retraining will support the continued growth in understanding of the elements of performance review listed above; all evaluators who complete the annual retraining will be re-certified as lead evaluators. Upon the completion of training or retraining all evaluators will be initially certified or annually re-certified by the Board of Education. The BOE designates the superintendent to ensure that all evaluators participate in the initial year-long training for evaluators and then participate in the ongoing retraining on an annual basis for purposes of continues growth in understanding of the principal performance evaluation process. The initial training for evaluators/lead evaluators and the annual retraining, thereafter for the purposes of continues growth will maintain inter-rater reliability of all evaluators over time. Any individual who fails to achieve required training or certification or re-certification, as applicable, shall not conduct or complete evaluations. The evaluations of a properly trained and certified evaluator will be valid notwithstanding the evaluators own APPR rating. Any evaluator (administrator or supervisor) who participates in the evaluation of principals for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law 3012-D and the implementing Regulations of the Commissioner of Education prior to conducting a teacher evaluation and shall be employed by the District as a full time administrator. Should an existing administrator be reduced to part time, he/she may continue to do observations and evaluations. Such training shall include application and use of the State-approved principal practice rubric selected by the parties for use in evaluations. The District will maintain a list of trained certified and recertified evaluators. This list will be provided to the Association at the beginning of the school year upon request. Independent evaluators will receive the same training as all district evaluators.
